MEMORANDUM FOR: C/IO —

25X1

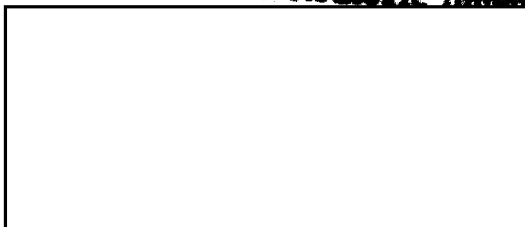

D'Arcy Brophy telephoned me about the October 21 dinner. He said that he wanted Charlie Wilson (and I assume Roger Kyes) to cover these points in their opening remarks:

1. The importance of psychological warfare as a means of preventing hot war.
2. How the Kremlin has taken over hundreds of millions of people by psychological warfare techniques as well as other means.
3. The importance of the 70 million behind the Iron Curtain in Europe who have known the type of life and culture that we have known, and particularly have known what liberty meant.

D'Arcy wants me to cover in my remarks:

1. Current conditions behind the Iron Curtain
2. The strategic importance of the European satellites.
